AVERY COUNTY HEALTH DEPARTMENT – Social Worker

Pregnancy Care Management/Care Coordination for Children

Qualifications: Bachelor of Social Work Degree (BSW) from an accredited college or university

Requirements:

Pregnancy Care Management (OBCM) - 50% time care management service provided for pregnant Medicaid recipients who are determined to be at risk for poor birth outcomes. The Pregnancy Care Manager helps pregnant women obtain the medical services they need, and maintains regular contact with client and prenatal provider. Travel includes visits to the client's pregnancy medical homes, hospital, DSS, community organizations, etc. All services are documented electronically in an online care management system.

Care Coordination for Children (CC4C) – 50% time care management service provided for Medicaid eligible children, birth to 5 years of age, to improve the health outcomes. The program strives to connect families with medical services, ensuring each child has a medical home, and provides support to families with children to reach their developmental potential and ensure that children are raised in healthy, safe and nurturing environments. Travel includes visits to the child's medical home, DSS, community organizations, etc. All services are documented electronically in an online care management system.

DEADLINE: Open until filled
